Purpose: The purpose of X Pulse Events is to:
Deliver top-notch event services that exceed client expectations.
Provide a one-stop solution for all party needs.
Bring creativity and expertise to every event.
Make event planning stress-free and fun for our clients.

Page structure

Home Page

Header: Logo, Navigation, (Home, DJ Services, Party Services)

Registration Form: Form to capture name, email, phone, gender, event details.

DJ Services Page

DJ Packages: List of services like software, 3D Logos, party bookings.

DJ Profiles: DJs images with the bio, experience, and contact.

Party Services Page

Decorations: Caters for weddings, house parties, and Corporate events.

Sound Systems: Cater for DJ setup, Stage setup, and Indoor setups.

Modern Lightings: Stage lights, moving head lights, and strobe lights.

Party Services(services.html)

Technologies Used

HTML code: For creating navigation elements, form elements, input types in home page.

For creating the navigation bar, section blocks, and embedding content like images, videos and text descriptions in DJ Services and Party Services pages.

CSS code: For formatting the layout & Flexbox, card styling, typography, background, navigation bar, and responsive design

JavaScript: creating the menu toggle which appears in the mobile devices used to view the website.

Future Enhancements

Interactive portfolio - adding animated showcases of DJ performances and 3D logos to impress DJ clients.

Online booking system - integrating a form or calendar that lets clients reserve party or DJ services directly on the site.

Analytics tracking - set up tools like Google Analytics to monitor traffic and user behaviour.

Challenges Faced

Inserting the background videos, where I wanted the video itself to remain fixed in the background, and also including its correct dimensions as required.

Responsive design: Ensuring the website looks good and functions well on various devices and screen sizes.

Image optimization: Balancing image quality and file size to ensure fast loading times.
